"This app has an alert button, by tapping which or simply pressing the power button four times, Eyewatch Railways notifies the RPF Control and informs the user's call guardians via SMS. It has location updation feature as well, which allows the RPF Control Center to view the

commuter's constantly updated locations until she reaches at a safe destination," he said. This app helps women commuters in times of emergency, as they can immediately send out their location, video and audio which can instantly be viewed on the emergency response control centre at the RPF Control room at Mumbal Central, he added. "The eight chosen guardians, doctors and security personnel also receive the alert SMS and automatically a phone call is made to the them (guardians). It functions only when a commuter uses it while on railway premises," he
